Hello Student 🙌

Welcome to Choochoo the checklist tool! 🚂

Your personal checklist is generated below. You can also interact with me, choochoo-bot, using commands in this thread.

To list all possible choochoo commands type `choochoo list commands` in comment box below.

Running Python | [tutorials](#) | [links](#) |

- ☒ open and save a Jupyter Notebook |
- ☐ use basic Markdown in a notebook | [tutorials](#) | [questions](#) |

Lists | [tutorials](#) | [links](#) |

- ☒ create a list |
- ☐ add to a list | [tutorials](#) | [questions](#) |

Collaborator

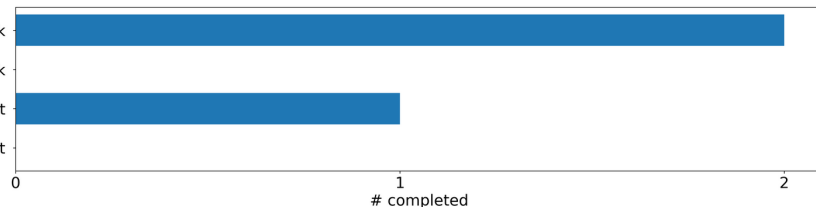

[checks ticket] To run choochoo commands your issue must be labelled with `instructor` or `student`

open and save a Jupyter Notebook

use basic Markdown in a notebook

create a list

add to a list

It'll be ready in September and I'm looking for beta-testers!
